 +  Harrison-Mitchell

Seeking to be a part of, and contribute to something bigger.

In my spare time I do lots of cycling, practice my Euphonium and work on small programming projects ranging from mapping all vehicles in Sydney in real time to representing movies as single pictures. A select few projects can be found at my [GitHub profile](#).

Familiar with: Microsoft/Google suite, HTML/CSS/JS, Processing/Java/C/Python/SQL, Mac/Win/Unix, Bash.
